

## 2023 Custom and Commission Pricing

### QUILTS

QUILT TYPE	APPROX DIMENSIONS	PRICE RANGE
Baby	36 to 60" wide x 36 to 60" tall	\$200 - \$325
Small Throw/Crib	50 to 65" wide x 50 to 65" tall	\$325 - \$500
Large Throw	60 to 72" wide x 60 to 80" tall	\$375 - \$600

### HOME DECOR

TYPE	APPROX DIMENSIONS	PRICE RANGE
Wall Hanging	12 to 36" wide x 12 to 36" tall	\$65 - \$225
Throw Pillow	12 to 20" wide x 12 to 20" (square)	\$55 - \$125
Lumbar Pillow	18 to 20" wide x 12 to 14" tall	\$100 - \$250
Specialty Items	Varies (no larger than 36" square)	\$65 - \$250

*NOTE: Pillows only include the finished pillowcase; pillow inserts are available for an additional fee of \$10-20.*

### Time Frame:

- **quilts** require 6-8 weeks for completion
- **home decor** requires 2-6 weeks for completion
- I can take on ONE quilt and ONE home decor commission per month

**Workflow:**

- Interested customers should fill out [my inquiry form](#). I will reply within 2-3 business days.
- We'll discuss color palettes, patterns, and other design preferences via email. We will also narrow down final pricing and delivery dates.
- Once we're in agreement, I will send a deposit invoice.
- The completion clock starts when the deposit invoice is paid.
- Deposits are 25% of the final mutually-agreed upon price and should be paid within 3-5 business days.
- Final products are shipped when the final invoice (75% of total) is paid.

**Related considerations:**

- Quilts are constructed and finished by me, in-house, with a basic vertical or horizontal stripe pattern OR grid pattern stitched across the quilt using my sewing machine.
- Quilts include the quilt top, 100% natural cotton batting (internal layer), quilt backing fabric, and binding.
- Professionally quilted (by a longarmer) quilts will add an additional \$100-200 to the price of a quilt.
  - Longarmers use digital pantographs (quilting designs that create stitch patterns) on quilts to give added texture and dimension.
  - I have relationships with a number of professional longarmers, with vast libraries of pantographs, who can provide this service.
  - Longarmers are also often able to provide alternative batting options such as wool or bamboo which can, in some cases, increase the pricing by approximately \$20-40.
- Longarming adds an additional 3-4 weeks onto completion time.
- Customers who provide their own fabrics can expect a reduction in price of approximately 25%; the vast majority of the cost involved in quilt production is labor.
- I am not able to offer RUSH services at this time.
- I am not currently able to make bed-size quilts (full, queen, king).
- I do not offer hand-quilting.

---

**PLEASE NOTE:** In November 2022, I was diagnosed with Stage 3d metastatic melanoma. I am currently undergoing treatments at Duke University Hospital's Cancer Center on a monthly basis. At this time, my side effects are manageable which allows me to open up commissions. I may, however, have to close commissions abruptly should my health status change. If that is the case, depending on where I am in the process, I will either refund your deposit or complete your commission, perhaps requesting an extension. Your understanding is greatly appreciated.
